## PROFILE

I am an ambitious 22-year-old with a growing passion for technology and all it has to offer. I have during my soon three years of university studies gained a solid foundation in software engineering that I have then used both personally and professionally to gain experience and develop my skills further. In addition to this, I have multiple years of work experience in various industries which has built up a good feeling e.g. for teamwork and time management.

## WORK EXPERIENCE

08/21 - ongoing

**IT consultant** - *Chalmers Teknologkonsulter AB, Gothenburg*

- Part-time
- Project manager and developer
- Development of full stack web applications. Worked with Node, Angular, Express, Java-/TypeScript etc.
- Sales and customer contact an important part of the role

08/20 - 06/21

**Teaching assistant** - *Chalmers University of Technology, Gothenburg*

- Part-time
- Courses *Introductory software development* and *Design and implementation of graphical interfaces*
- Helped students during supervision and lab sessions
- Required good pedagogy and communication skills as well as solid knowledge in the subjects of the courses

05/19 - 08/21

**Machine operator** - *Nolato Cerbo AB, Trollhättan*

- Summer job (three summers)
- Production of pharmaceutical packaging
- Assembling, sorting and packaging of products while maintaining high quality and hygiene standards
- Physically and psychologically demanding

## EDUCATION
